7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

To Create an eco-friendly campus the institution tries implementing sustainable practices across various aspects of campus operations for establishing an eco-friendly campus: 1. Water Conservation The institution has Implemented rainwater harvesting system. There is an underground rain water harvesting system in the college which helps in enhancing water table of the surroundings. The waste water from the drinking water taps is also used through underground pipes for landscaping and irrigation. 2. Waste Reduction and Recycling The institute has established comprehensive recycling programs . The institution has a large garbage pit to encourage composting of organic waste from campus cafeterias and landscaping. 3. Sustainable Transportation . The institution tries to promote alternative transportation options such as biking, walking, and carpooling. The institution Offers incentives for using public transportation by providing bus passes for the students. 4. Education and Outreach The institution arranges educational programs and workshops on sustainability topics for students, faculty, and staff. Incorporate sustainability into the curriculum across various disciplines. Host events and campaigns to raise awareness and promote eco-friendly behaviors. 5. Community Engagement The institution with its various committees and cells arranges programs with local organizations and businesses to promote sustainability initiatives. surrounding community is engaged through outreach events, volunteer opportunities, and collaborative projects. By implementing these strategies, the institution creates a campus environment that not only reduces its environmental impact but also fosters a culture of sustainability among students, faculty, staff, and the broader community.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

The college has full emphasis on the holistic development of the students, keeping them connected with their roots. The college endeavours to promote practices which bring the students closer to their environment and make them responsible citizens. The college has a lush green ,polyethylene free campus . Students here get a healthy environment for their all round development with opportunities for their carrier development along with other Co curricular and sports activities to grow into a multitalented individual with a healthy mind and body. The college earlier had a temporary waste management pit which was later augmented into a proper waste management system. We were concerned about the deteriorating water level in the region and thus to contribute our share to the environment, have adopted the rain water harvesting system .

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The institution, as propounded in its logo, strives continuously to achieve even greater heights leaving no stone unturned in the holistic development of our students, supporting and focusing on their over-all well-being and development. The institution strives not only to impart quality education to the girls but it has full thrust to inculcate moral and cultural values in the students. The college ensures that the education is imparted with a holistic vision and approach which encourages active participation of students in all spheres of their life on campus- be it academic, cultural, co-curricular or related to sports and physical education thereby building their confidence. Our priority and thrust is not to rely and focus only on the academic achievements but also giving the students ample opportunities to bring out their latent talents. That's the reason we have had a history of excellence in sports, cultural events and academics at regional, state, and national levels. Our medal tallies at various sports tournaments and shining trophies proudly displayed at our office stand a testimony to that fact and year after year, this brilliance has repeated and further reinforced the philosophy that is a part of our eco system—to work equally on all parts of the holistic development- physical, intellectual, social, emotional and spiritual. Academically also the students excel at the university level, gaining top positions in the university exams. The institution, thus has established a reputation and is an inspiration to all the other neighbouring institutions and local communities.

8.Future Plans of Actions for Next Academic Year

Our college has a vision to empower individuals in semi-rural areas through quality education, fostering holistic development, and nurturing a culture of lifelong learning, thereby creating responsible citizens who are deeply connected with their culture and their roots and contributing to community advancement. The college thrives to provide accessible and inclusive education tailored to the needs of semi-rural communities. It cultivates critical thinking, creativity, and problem-solving skills to prepare students for future challenges. The college tries to foster a supportive and enriching learning environment that celebrates diversity and promotes respect for all. The college puts in its best efforts to coordinate with local stakeholders to address socio-economic challenges and enhance community well-being. Our endeavour is to continuously innovate and adapt educational approaches to meet evolving needs and global standards.
