

MECHANISM OF FEED BACK

The feedback Proforma was available on college website. Students were asked to fill the Proforma in the form of questionnaire online but most of our students are from rural background and very few students have access of internet facilities so we provided feedback in print form/off line mostly feedback we received from the students and we ensures the anonymity and confidentiality of the survey response. Feedback is taken from all UG and PG students randomly from those students who are regular in class and their attendance is more than 75% and from alumni when they come to take degree in the college they can be of any stream. We assure students their responses to the survey cannot be traced back to them and we respect their privacy.
